

DISCOVER OBALON WITH DIGESTIVE DISEASE CARE

Digestive Disease Care would like to introduce the new, innovative, and effortless way to lose weight, that will make weight loss surgery a thing of the past.

- This is a completely **NON-SURGICAL** procedure
- The Obalon balloons are the first and only FDA approved balloon system for weight loss that come in the form of an ingestible pill.
- The procedure takes ten minutes to perform, allowing you to resume your normal activities that same day.

IF YOU HAVE THE WILL TO LOSE THE WEIGHT,
DIGESTIVE DISEASE CARE HAS THE WAY !

****PLEASE CALL (516) -204-4242 TO SCHEDULE A CONSULTATION TODAY!**
